DISSERTATIONS AND THESES

ABBE, GEORGE R.

An evaluation of the distribution of fish populations of the Delaware River estuary. M.S. Thesis, University of Delaware (1967)

ALLEN, ROBERT DAY

Fertilization and artificial activation in the egg of the surf-clam, *Spisula solidissima*. Ph.D. Dissertation, University of Pennsylvania (1953)

AMON, JAMES P.

Studies of *Labyrinthula* spp. in culture. M.A. Thesis, College of William and Mary, (1968)

ANDERSON, HERBERT G.

Parasites of the bluefish, *Pomatomus saltarix* (Linnaeus) from the Atlantic coast of the United States. Summary and faunal list. Ph.D. Dissertation, University of Miami (1965)

ANDERSON, ROGER DEAN

Effects of petroleum hydrocarbons on the physiology of the American oyster *Crassostrea virginica* Gmelin. Ph.D. Dissertation, Texas A& M University (1973)

ANDERSSON, K.A.

Die Pterobranchier der Schwedischen Sudpolarexpedition, 1901-1903. Ph.D. Dissertation, Uppsala (1907)

ANGELL, CHARLES LOUIS

The epizootiology of a skin tumor of a central Puget Sound population of English sole (*Parophrys vetulus*, Girard) with special reference to its early life history. M.S. Thesis, University of Washington (1972)

ASHTON, FRANCIS T.

Germinal vesicle breakdown in the eggs of *Spisula* and *Hydroides*. Ph.D. Dissertation, University of Pennsylvania (1960)

BARWICK, DEMPSEY HUGH

The effects of increased sodium chloride on the survival of striped bass, *Morone saxatilis* (Walbaum) fry and the effects of two feeding rates on the survival and production of advanced fingerling striped bass in earthen ponds. M.S. Thesis, University of Rhode Island (1973)

BEARSE, DAVID TROW

Density and distribution of the ocean quahog (*Arctica islandica*) in Rhode Island waters relative to various environmental factors. M.S. Thesis, University of Rhode Island (1976)

BERMAN, CARL ROBERT, JR.

A statistical model to predict the incidence of pathogenic protozoa (Amoebida: Acanthamoebidae) in oceanic sediments using surrogate variables. Ph.D. Dissertation, College of William and Mary (1983)

BORG, ALFRED FRANCIS

Studies on myxobacteria associated with diseases in salmonid fishes. Ph.D. Dissertation, University of Washington (1948)

BRADLEY, MARTHA C.

An ecological survey of the Potomac and Anacostia Rivers with special emphasis on pollution. Ph.D. Dissertation, Catholic University (1959)

BRICKMAN, LAURENCE MICHAEL

Base food chain relationships in coastal salt marsh ecosystems. Ph.D. Dissertation, Lehigh University (1972)

BROWN, ROBERT STUART

Evidence for metal-protein complexes precipitating around blood cell as the mechanism of extracellular blood clotting in the American oyster, *Crassostrea virginica* (Gmelin). Ph.D. Dissertation, Johns Hopkins University (1975)

CAMPBELL, DAVID G.

The abundance and distribution of *Paramoeba pernicioso*. Ph.D. Dissertation, Johns Hopkins University (1984)

CAREY, ANDREW G., JR.

An ecologic study of two benthic animal populations in Long Island Sound. Ph.D. Dissertation, Yale University (1972)

CASILLAS, EDMUNDO

Stress induced changes in blood coagulation parameters and hematology in a hatchery strain and wild type rainbow trout (*Salmo gairdneri*). M.S. Thesis, University of Washington (1974)

CHAPMAN, FAYLLA ANN

Interactions of marine bacteria with the body fluids of marine invertebrates. M.S. Thesis, University of California (1970)

CHEEK, RANDALL PURYEAR

Quantitative aspects of striped bass, *Roccus saxatilis* (Walbaum), spawning in the Roanoke River, North Carolina. M.S. Thesis, North Carolina State College (1961)

CHESTNUT, ALPHONSE FELIX

Precipitin studies of certain Mollusca with special reference to the oyster. M.S. Thesis, Rutgers University (1943)

CHRISTY, FRANCIS TAGGART, JR.

The exploitation of a common property natural resource: the Maryland oyster industry. Ph.D. Dissertation, University of Michigan (1964)

CLEM, LESTER WILLIAM

Virological and immunological studies of marine fish. Microfilm #12

CLIFFORD, HUGH F.

The ecology of invertebrates in an intermittent stream. Ph.D. Dissertation, Indiana University (1965). Microfilm #35

CONSTRANSITCH, MELVIN JOSEPH

Description, pathology, and incidence of *Plistophora penaei* n. sp. (Microsporida, Nosematidae), a parasite of commercial shrimp. M.S. Thesis, Northwestern State University (1970)

CORKERN, CLIFTON CLYDE, JR.

Investigations on helminthes from the hepatopancreas of the brown shrimp, *Penaeus aztecus* Ives, from Galveston Bay, Texas. M.S. Thesis, Texas A&M University (1970)

COUCH, JOHN A.

Form, morphogenesis, and host-ciliate relationship of *Lagenophrys callinectes* (Ciliata: Peritrichida). Ph.D. Dissertation, Florida State University (1971)

CRONIN, LEWIS EUGENE

A histological study of the development of the ovary and accessory reproductive organs of the blue crab, *Callinectes sapidus* Rathbun. M.S. Thesis, University of Maryland (1942)

CRUMP, ROGER MOSER

Population density and distribution of the estuarine clam *Rangia cuneata* in Croatan Sound, North Carolina. M.A. Thesis, East Carolina University (1971)

CUNNINGHAM, DAVID T.

A study of the food and feeding relationships of the Alaskan king crab *Paralithodes camtschatica*. Portion of M.S. Thesis, San Diego State College (1969)

DEAN, DAVID

The experimental feeding of oysters. Ph.D. Dissertation, Rutgers University (1957)

DEARBORN, JOHN HOLMES

Ecological and faunistic investigations of the marine benthos at McMurdo Sound, Antarctica. Microfilm #31

DeTURK, WILLIAM E.

The parasites and commensals of some crabs of Beaufort, North Carolina. Ph.D. Dissertation, Duke University (1940)

DiCAPUA, RICHARD ANTHONY

A study of the similarities and differences of antigens found in the serum of Atlantic sea herring. Ph.D. Dissertation, Rutgers University (1964)

EBLE, ALBERT F.

The circulatory system of the American oyster, *Crassostrea virginica* Gmelin. Ph.D. Dissertation, Rutgers University (1963) SH 371 .E313

EISENBERG, ROBERT MICHAEL

The regulation of density in a natural population of the pond snail *Lymnaea elodes*. Ph.D. Dissertation, University of Michigan (1965) Microfilm #37

EMADI, HOSSEIN

Yolk-sac malformation in Pacific salmon. M.S. Thesis, Oregon State University (1972)

FEIGENBAUM, DAVID L.

Parasites of the commercial shrimp, *Penaeus vannamei* Boone and *Penaeus brasiliensis* Latreille. M.S. Thesis, University of Miami (1973)

FENG, JEAN SHIEH

The fate of a virus *Staphylococcus aureus* phage 80 injected into the oyster *Crassostrea virginica*. Ph.D. Dissertation, Rutgers University (1965). Microfilm #26

FENG, SUNG YEN

Ecological and epidemiological studies of *Nematopsis ostrearum*, a sporozoan parasite of the oyster *Crassostrea virginica*, in lower Chesapeake Bay and its tributaries. M.S. Thesis, College of William and Mary (1957)

FENG, SUNG YEN

The response of oyster to the introduction of soluble and particulate materials and the factors modifying the response. SH 371 .F615

FOUREMAN, GARY LEE

The metabolism of polycyclic aromatic hydrocarbons by two marine fishes: the little Skate, *Raja erinacea* and the winter flounder, *Pseudopleuronectes americanus*. Ph.D. Dissertation, North Carolina State University at Raleigh (1982)

GAINES, JOHN LUTHER, JR.

Pathology of experimental infection of *Aeromonas hydrophila* (Chester) Stanier, (bacteria: Pseudomonadales) in the channel catfish, *Ictalurus punctatus* (Rafinesque). Ph.D. Dissertation, Auburn University (1972)

GHISELIN, M.

Reproduction function and the evolution of opisthobranch gastropods. Microfilm #16

GOLDSTEIN, LEWIS CHARLES

The morphology and histology of the Virginia oyster, *Ostrea virginica*, Lister. M.S. Thesis, University of Richmond (1940)

GOOD, HAROLD VICTOR

A study of an epithelial tumor *Parophrys vetulus*. M.S. Thesis, University of Washington (1940)

GOODGER, TIMOTHY E.

The reproductive system of the gaper or horse clam, *Tresus capax* (Pelecypoda: mactridae): its anatomical development and histology. M.A. Thesis, California State University, Humboldt (1972)

GRAHAM, HENRY A., JR.

A hemolytic enzyme in the hemolymph of the clam (*Mercenaria mercenaria*). M.S. Thesis, University of Delaware (1968)

GRANT, DAVID CECIL

Specific diversity in the infauna of an intertidal sand community. Ph.D. Dissertation, Yale University (1965) Microfilm #30

HAIGLER, SARAH A.

A histochemical and cytological study of the "brown cells" found in the "auricular pericardial gland" and other tissues of the oyster *Crassostrea virginica* (Gremlin). M.S. Thesis, University of Delaware (1964)

HANKS, JAMES ELDEN

The early life history of the New England clam drills, *Polinices duplicatus* (Say), *Polinices heros* (Say), and *Polinices triseriata* (Say) (Naticidae: Gastropoda. Ph.D. Dissertation, University of New Hampshire (1960). SH 373 .H215

HARBELL, STEVE CARROLL

The pathology of vibriosis in coho salmon. M.S. Thesis, University of Washington (1976)

HEBARD, JAMES FRANK

The seasonal variation of zooplankton in Puget Sound. M.S. Thesis, University of Washington (1956)

HEGAN, NANCY ANN

The serological relationship among three species of *Paramecium*. M.S. Thesis, Penn State (1955)

HEITMAN, J. FRED

Impact of a commercial net fishery on striped bass populations in two Tennessee reservoirs. M.S. Thesis, Tennessee Technological University (1979)

HICKEY, CLARENCE R., JR.

Some aspects of the hematology of wild and captive cunners, *Tautogolabrus adspersus* (Walbaum), with a preliminary analysis of the effects of the pesticide dieldrin. M.S. Thesis, Long Island University (1970)

HIGGINBOTHAM, BILLY

Growth, food habits, maturation, and distribution of the striped bass (*Morone saxatilis*) in Watts Bar Reservoir, Tennessee. M.S. Thesis, Tennessee Technological University (1979)

HOOVER, KAREN LYNNE

The effect of a virus infection on the hemocyte population in *Carcinus maenas*. Ph.D. Dissertation, Johns Hopkins University (1977)

HOPKINS, DWIGHT L.

The effects of certain physical and chemical factors on locomotion and other life-processes in *Amoeba proteus*. Ph.D. Dissertation, Johns Hopkins University (1926)

JAMES, BRIAN T.

Feeding, growth, and competitive interrelationships of *Morone chrysops* (Rafinesque) and *Morone mississippiensis* (Jordan and Eigenmann) in Watts Bar Reservoir, Tennessee. M.S. Thesis, Tennessee Technological University (1979)

JAMES, WESLEY P.

Air photo analysis of waste dispersion from ocean outfalls. Ph.D. Dissertation, Oregon State University (1970)

JAMISON, DAVID W.

Comparative anatomy and histology of the olfactory apparatus of some cottid fishes. M.S. Thesis, University of Washington (1966)

JOHNSON, ROBERT FREDERICK

Processes of calcification in *Strombus gigas*. Microfilm #33

JOLLEY, ROBERT LOUIS

Chlorination effects on organic constituents in effluents from domestic sanitary sewage treatment plants. Excerpt and bibliography. Ph.D. Dissertation, University of Tennessee (1973)

KATZ, LANNY M.

Laboratory studies on diet, growth, and energy requirements of *Fundulus heteroclitus* (Linnaeus). Ph.D. Dissertation, University of Tennessee (1975)

KATZ, MAX

The hematology of the silver salmon, *Oncorhynchus kisutch* (Walbaum). Ph.D. Dissertation, University of Washington (1949)

KELLY, JAMES FRANCIS

A description of the histological structure of normal and microsporidan-infected pink shrimp, *Penaeus duorarum* Burkenroad. Ph.D. Dissertation, University of Miami (1975)

LARSEN, PETER FOSTER

Quantitative studies of the macrofauna associated with the mesohaline oyster reefs of the James River, Virginia. Ph.D. Dissertation, College of William and Mary (1974)

LAWRENCE, JOHN MILLER

Lipid levels in the body fluid, blood, and tissues of some marine mollusks and echinoderms in relation to the nutritional and reproductive state Microfilm #32

LeFLORE, WILLIAM B.

Serology of certain marine trematodes. Ph.D. Dissertation, University of Southern California (1965) Microfilm #24

LeGORE, RICHARD STEPHEN

The effect of Alaskan crude oil and selected hydrocarbon compounds on embryonic development of the Pacific oyster, *Crassostrea gigas*. Ph.D. Dissertation, University of Washington (1974)

LeROUX, SYLVIE

Valeur compare de diverses algues monocellulaires pour l'alimentation des larves de *Mytilus edulis* (L.). Ph.D. Dissertation, Universite de Bretagne (1975)

LETTERMAN, GORDON R.

Natural history of *Ocypode quadrata* with comparative investigations of *Oocypode ceratophthalma* and *Oocypode cordimana*. M.S. Thesis, University of Delaware (1973)

LIPOVSKY, VANCE PAUL

Mortality of Pacific oysters, *Crassostrea gigas* (Thunberg). I. The influence of temperature and enriched seawater on the oyster-bacteria relationship. M.S. Thesis, University of Washington (1971)

LOGIE, ROBERT REED

Epidemic disease in Canadian Atlantic oysters (*Crassostrea virginica*). Ph.D. Dissertation, Rutgers University (1958)

LYNCH, M.P.

Variations in some serum constituents of the blue crab *Callinectes sapidus*. Ph.D. Dissertation, College of William and Mary (1972)

McARN, GLYNN E.

Natural history and pathology of skin tumors found on Pleuronectids in Bellingham Bay, Washington. Ph.D. Dissertation, University of Oregon (1968)

McDERMOTT, JOHN JOSEPH

Larval trematode infection in *Nassa obsoleta* Say from New Jersey waters. M.S. Thesis, Rutgers University (1951)

MacDONALD, DALE G.

Life history studies of the smallmouth buffalo, *Ictiobus bubalus* (Rafinesque), in Watts Bar and Chickamauga Reservoirs, Tennessee. M.S. Thesis, Tennessee Technological University (1978)

McLAUGHLIN, SHAWN MARIE

Transmission studies of sarcoma disease in the soft-shell clam, *Mya arenaria*. M.S. Thesis, University of Maryland (1991)

MANFREDI, EUGENE TRENT

A bacteriological study of fin erosion disease in Dover sole (*Microstomus pacificus*). M.S. Thesis, California State University – Long Beach (1976)

MARGALEF, RAMON

Information theory in ecology. Ph.D. Dissertation (1957)

MARLIAVE, JEFFREY BURTON

The behavioral transformation from the planktonic larval stage of some marine fishes reared in the laboratory. Ph.D. Dissertation, University of British Columbia (1975)

MARSHALL, HOWARD L.

An ecological study of the American oyster *Crassostrea virginica* Gmelin in Cedar Key area. M.S. Thesis, University of Florida (1966) Microfilm #34

MARTIN, STEPHEN GRANT

An analysis of the histopathologic effects of copper sulfate on the Asiatic freshwater clam, *Corbicula fluminea* (Muller). Ph.D. Dissertation, University of Washington (1971)

MECCA, CHRISTYNA EMMA

Disc electrophoretic studies on molecular adaptation under natural and artificial stress in the sea anemone *Diadumene leucolea* (Verrill) and notes concerning its natural history. Ph.D. Dissertation, George Washington University (1969)

MEDFORD, ROYSTON Z.

A distributional survey of the fishes of Rock Creek. M.S. Thesis, University of Maryland (1950)

MESHAW, JOHN CARDON, JR.

A study of feeding selectivity of striped bass fry and fingerlings in relation to zooplankton availability. M.S. Thesis, N.C. State University (1969)

MILLER, BRUCE STUART

Life history observations on normal and tumor-bearing flathead sole in East Sound, Orcas Island (Washington). Ph.D. Dissertation, University of Washington (1969)

MILLER, MARY EMILY

The Delaware oyster industry, past and present. Ph.D. Dissertation, Boston University (1962) Microfilm #38

MONTREUIL, PAUL L.J.

Acanthocephala of seals at the Magdalen Islands. M.S. Thesis, McGill University (1955)

MUNDELL, ROBERT DAVID

Immunological studies of the starfish *Oocyte nucleolus*. Ph.D. Dissertation, University of Pittsburgh (1965)

MYERS, EVERETT CLARK

Relation of density of population and certain other factors to survival and reproduction in different biotypes of *Paramecium caudatum*. Ph.D. Dissertation, Johns Hopkins University (1927)

MYERS, THOMAS D.

Subspeciation in the Atlantic oyster drill *Urosalpinx cinerea* (Say). Duke University (1963)

OLLENSCHLAGER, BERND

Untersuchungen über die Einwirkung des Ozons auf das Blut und einige Organe der Regenbogenforelle. Ph.D. Dissertation, Ludwig Maximilians Universität Munich (1973)

OLSEN, STEPHEN BLOYE

Some aspects of the ecology of *Spisula solidissima solidissima* (Dillwyn). M.S. Thesis, University of Rhode Island (1970)

PACHA, ROBERT EDWARD

Columnaris disease in fishes in the Columbia River Basin. Ph.D. Dissertation, University of Washington (1961)

PACIS, MARCELO ROSACIA

An epithelial tumor of *Parophrys vetulus*. M.S. Thesis, University of Washington (1932)

PAULEY, GILBERT BUCKHANNAN

Observations on the acute inflammatory reaction and the wound repair process in the Pacific oyster, *Crassostrea gigas* (Thunberg). M.S. Thesis, University of Washington (1965)

PEKKARINEN, MARKETTA

Gymnophallid trematode parasites in the Baltic clam *Macoma balthica* (L.) off the southwest coast of Finland. Academic Dissertation, University of Helsinki (1988)

PIERCE, KENNETH VICTOR

Description and incidence of abnormal livers and other organs in starry flounder and English sole from the Cuwamish River, Seattle, Washington, and other nearby Puget Sound sites. M.S. Thesis, University of Washington (1965)

PRIEUR, DANIEL

Les bacteries associees aux elevages de larves de bivalves marins. Ph.D. Dissertation, University Bretagne (1974)

PUPKE, JUDITH LEE

Antibodies against human enteric bacteria in brown bullheads (*Ictalurus nebulosus*, Leseuer) from contaminated waters. M.S. Thesis, West Virginia University (1972)

RAY, SAMMY M.

Cultural studies of *Dermocystidium marinum* with special references to diagnosis of this parasite in oysters. M.A. Thesis, Rice Institute (1952)

REDDECLIFF, JACK MARSHALL

Immune response of trout to *Aeromonas salmonicida*. M.S. Thesis, Penn State University (1960)

ROE, GRETCHEN ANNE

A comparison of health factors of blue crabs, *Callinectes sapidus*, held in two types of shedding systems. M.S. Thesis, University of Maryland College Park (1988)

ROSENTRUB, MARK STEVEN

Coastal policy development and self-evaluating agencies: information utilization and the South Coast Regional Commission. Ph.D. Dissertation, University of Southern California (1975)

ROWE, GILBERT THOMAS

Distribution patterns in populations of large, deep-sea benthic invertebrates off North Carolina. Ph.D. Dissertation, Duke University (1968)

RUDELL, CRAIG LINDLEY

A cytological and histochemical study of wound repair in the Pacific oyster *Crassostrea gigas*. Ph.D. Dissertation, University of Washington (1969)

SASNER

A study of the effects of a toxin produced by the Florida red tide dinoflagellate, *Gymnodinium breve* Davis. Microfilm #17

SCHLICHT, FRANK GLOVIS

The relationship of *Hexamita* sp. to mortalities of the Texas commercial oyster, *Crassostrea virginica* (Gmelin), maintained under laboratory conditions. M.S. Thesis, Texas A&M University (1963)

SCHLUFER, EVELYN

Respiration of *Spisula* eggs. Ph.D. Dissertation, University of Pennsylvania (1954)

SCHWARTZ, CARL W.

Ecological comparisons between a fresh-water tidal marsh and adjoining impoundment in southeastern Pennsylvania. M.S. Thesis, Pennsylvania State University (1976)

SCOTTON, LEWIS NAILOR

Occurrence and distribution of larval fishes in the Rehobeth and Indian River Bays of Delaware. M.S. Thesis, University of Delaware (1970)

SEKERAK, AARON DANIEL

Parasites as indicators of populations and species of rockfishes (*Sebastes*: Scorpenidae) of the northeastern Pacific Ocean. Ph.D. Dissertation, University of Calgary (1975)

SIMPSON, JOHN WAYNE

Carbohydrate metabolism in marine mollusks. Ph.D. Dissertation, Rice Institute (1965)
Microfilm #29

SMITH, LYNWOOD STEPHEN

Observations on the polyclad flatworm *Pseudostylochus ostreophagus*. M.S. Thesis, University of Washington (1955)

SMITH, RONAL W.

An analysis of the summer flounder, *Paralichthys dentatus* (Linnaeus), population in the Delaware Bay. M.S. Thesis, University of Delaware (1969)

SOLANGI, MOBASHIR A.

Histopathological changes in two estuarine fishes exposed to crude oil and its water-soluble fractions. Ph.D. Dissertation, University of Southern Mississippi (1980)

SRIBHIBHADAH, ARPORNA

Seasonal variations of paralytic shellfish toxicity in the California mussel, *Mytilus californianus* Conrad. Ph.D. Dissertation, University of Washington (1963) SH 373 .S1910

STROM, LEROY

Studies on the emergence of cercariae of the avian blood fluke, *Austrobilharzia variglandis*, from the marine mudsnail, *Nassa obsoleta*. Honors Paper, Brandeis University (1956)

SUNILA, INKE

Histopathological effects of environmental pollutants on the common mussel, *Mytilus edulis* L. (Baltic Sea), and their application in marine monitoring. Ph.D. Dissertation, University of Helsinki (1987)

TAKVORIAN, PETER MICHAEL

Incidence and morphology of *Glugea stephani* (Hagenmuller, 1899) Woodcock, 1904 (Protozoa, Microsporida) in the American winter flounder, *Pseudopleuronectes americanus* (Walbaum) as it occurs in the New York-New Jersey Lower Bay Complex. Ph.D. Dissertation, Rutgers University (1981)

TEERLING, JOYCE

The incidence of the ghost crab *Ocypode quadrata* (Fabr) on the forebeach of Padre Island, and some of its responses to man. M.S. Thesis, Texas A&I University (1970)

TENNANT, D.H.

A study of the life history of *Bucephalus haimeanus*, a parasite of the oyster. Ph.D. Dissertation, John Hopkins University (1904)

THOMAS, LYELL JAY, JR.

A heparin-like blood anticoagulant from surf clams. Ph.D. Dissertation, University of Pennsylvania (1953)

THOMPSON, FRED GILBERT

The fresh and brackish water snails of the family Amnicolidae, subfamily Hydrobiinae, of peninsular Florida. Ph.D. Dissertation, University of Miami (1964)

TONEY, MARCELUS EDWARD, JR.

The structure and origin of formed elements in the blood of some crustacean. Ph.D. Dissertation, Catholic University of America (1956)

TRIPP, MARENES R.

Studies on the defense mechanism of the oyster, *Crassostrea virginica*. Ph.D. Dissertation, Rutgers University (1958) SH 317 .T1910

VELLA, FRANK A.

Isolation and characterization of a hemagglutinin from the hemolyph of the blue crab, *Callinectes sapidus*. Ph.D. Dissertation, University of Delaware (1986)

WILLIAMS-RYAN, KATHRYN ANNE

Occurrence, histopathology and fine structural studies on *Hematodinium* sp. (Dinoflagellida: Syndinidae) parasitizing the snow crab (*Chionoectes opili*). M.S. Thesis, Memorial University of Newfoundland (1997)

WOOD, JAMES WILFORD

Tuberculosis in Pacific salmon and steelhead trout. Summary only

WOOD, LANGLEY H.

Physiological and ecological aspects of prey selection by the marine gastropod *Urosalpinx cinerea* (Say). Ph.D. Dissertation, Cornell University (1965)

WYANSKI, DAVID M.

Patterns of habitat utilization in O-age summer flounder (*Paralichthys denatus*). M.A. Thesis, College of William and Mary (1990)
